

What can you do?

As a responsible, community minded business, ensure you are doing everything you can to divert your commercial waste from landfill.

- 1 Start by understanding what waste is generated at your establishment. If you need help to conduct a **waste audit**, let us know.
- 2 Speak with us to determine what materials are accepted in our program.
- 3 From there, it's a matter of getting that material to our Material Recovery Facility at **270 West St. in Trenton**.

We can help!

Testimonial

"Bioniche Life Sciences is committed to social responsibility in its product development, people management and relationships with stakeholders. This includes a responsibility for stewardship of the environment in which we live and work. To that end, Bioniche employees and associates are encouraged to reduce waste, reuse and recycle materials, and to compost."

"Quinte Waste Solutions provides one of the most comprehensive recycling programs in Ontario, and perhaps in Canada, helping to facilitate the internal recycling initiatives at our corporate headquarters in Belleville. Bioniche commends Quinte Waste Solutions for their commitment to a greener environment."

Commercial Recycling
BE PART OF THE SOLUTION!

Did you know?

The commercial/industrial sector is responsible for sending more waste to landfill than all of the 62,000 homes in our service area.

Large establishments are governed by **Ontario Regulations** that require them to audit their waste, develop a plan and source separate their waste to be recycled responsibly.

O. Reg. 102/94
O. Reg. 103/94

Top Reasons Companies GO GREEN

- Cost savings - 94%

-Community goodwill - 82%

-Improved stakeholder perception - 56%

Do you have Special Production or Line Waste?

If you have sufficient amounts of line and production waste, we may be able to arrange for it to be recycled.

rick@quinterecycling.org

Can you deliver? We'll Pay You!

For regular recyclable materials, market values are assessed monthly, **call us** and request the most recent rates on these materials.

- Corrugated Cardboard
- Office Paper
- Newsprint/Magazines/Catalogues
- Cans (Tin & Aluminum)
- Plastic coded # 1, 2, 4 & 5

What about Hazardous Waste & Waste Electronics?
WE HAVE A SOLUTION FOR THAT TOO!

Need us to pick it up?

We can place 95 gallon carts at your establishment to assist you in collecting recyclable materials. These containers are on loan, and **free of charge**.

Depending on your requirements, these containers will be labeled to reflect the type of material being collected, either;

Fibres or Containers

We'll work with you to set-up a collection **schedule that suits you!**

There is a \$25 fee to collect the first 4 carts at your site each call out, and an additional fee for carts collected thereafter.
