Take Your Bottles Back!

Taking your bottles back to the Beer Store makes the perfect 'cents'!

When you purchase from the Beer Store or LCBO you actually pay a deposit for the container. When returning the container, you get your deposit back.

If you're unable to return the container, consider donating it to a local Bottle Return event that's usually hosted by a charity or community service organization. They use the deposit returns to help with programming. WIN WIN!

RESPONSIBLE RECYCLING

When garbage ends up in the recycling, it costs taxpayer dollars to send the garbage to landfill!

All black plastic is garbage.

Paper cups are garbage.

*Rise and shine! It's recycling time.
Please have your recycling out by 7 am.*
